SENATE BILL

No. 821

Introduced by Senator Alarcon

February 21, 2003

An act to add ~~Section 66015.9 to Chapter 5.5 (commencing with Section 66350)~~ to Part 40 of the Education Code, relating to business ethics.

LEGISLATIVE COUNSEL'S DIGEST

SB 821, as amended, Alarcon. Business ethics ~~courses~~: *Golden State Business and Social Responsibility Award*.

~~(1) Existing~~

Existing law, known as the Donahoe Higher Education Act, sets forth the missions and functions of California's public and independent segments of higher education, and their respective institutions of higher education. Provisions of the act apply to the University of California only to the extent that the Regents of the University of California, by appropriate resolution, act to make a provision applicable. Among other things, the act identifies common educational missions shared by educational institutions in California and differentiates more specific missions and functions among the various educational segments.

This bill would require the Trustees of the California State University and the ~~governing board of each community college district~~ *Board of Governors of the California Community Colleges*, and request the Regents of the University of California and the ~~governing body of each regionally accredited private or independent college and university in~~

~~the state to require that, commencing on June 1, 2005, any student at any institution under their respective jurisdictions has successfully completed minimum coursework in business ethics prior to receiving an associate, bachelor's, or master's degree in business or business administration. To the extent that the bill would create new duties for community college districts, it would impose a state-mandated local program~~ *Association of Independent California Colleges and Universities, to participate in a task force to develop a plan for integrating instruction in business ethics into their business and business administration programs. The bill would require this task force to report to the Legislature.*

The bill would establish the Golden State Business and Social Responsibility Award, which would honor students who complete graduate business programs at California's public and private institutions of higher education, and who show a commitment to socially responsible leadership. The bill would prescribe the qualifications for receipt of the award.

~~(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.~~

~~This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.~~

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: ~~yes~~ *no*.

The people of the State of California do enact as follows:
